Sewing Needed for Soldiers Hospitalized in Viet Nam

"Dirty bags" are needed for hospitalized American servicemen in Viet Nam. It was reported here today by Mrs. Ruby Overbeck, executive director of the Tri-City chapter, American Red Cross.

Dark cotton fabric bags 12 1/2 inches by 18 inches and 18 inches deep are being sought. They will be used by the hospital patients — many of whom have lost their belongings — to keep toothpaste, toothbrushes, combs, razors and similar necessities. The bags also will serve as a container for any

Local Democrats To Honor Kerner At Fair Thursday

An annual Madison-St. Clair counties Gov. Kerner Day motorcade to the state fair at Springfield will be held Thursday, Aug. 19.

The motorcade is being sponsored by the Democratic Central Committee, which is offering prizes for the best decorated cars.

Autos will assemble at the high school in Livingston, Ill., Route 66-Interstate 55, between 7:45 and 8 a.m. to allow time for the judging and to organize the cars. The caravan will leave Livingston at 8:30 a.m.

The admittance to the fairgrounds will be paid by the Central Committee, which is also providing a hospital room at the St. Nicholas Hotel in Springfield.

Plans call for one auto to represent each officeholder, precinct committeeman, club and organization in Madison and St. Clair counties.

At the fair, the motorcade will serve as an escort for an auto bearing Gov. Kerner. The autos will circle the race track, making occupants to wave to the crowd in the grandstand.

About 200 autos were included in last year's caravan, and a similar number is expected this year.

GC Council Meets Tonight

Major items pending before the Granite City council for its regular meeting tonight include the hotly-contested "strikebreaker" ordinance, police removal of 21 stop signs and pay adjustments for the city's 120 employees.

Action on the proposed "strikebreaker" ordinance was deferred at the Aug. 2 meeting when its legality was questioned. A legal opinion is anticipated this evening from City Atty. Richard Allen, who is due back from vacation.

Support of the law is being strongly urged by striking members of Oil, Atomic & Chemical Workers Local 7-663 at Union Starch & Refining Co. plant. It also has been endorsed by the Tri-City Trades & Labor Council.

Opponents question the law's legality as to the city's authority. They are fearful the law would hinder the attraction of new industry to the city.

Alforn has indicated they will oppose recommendations by the newly-named Traffic Control Commission for removal of 21 stop signs. Mayor Partney said he is expecting additional lists for removals and is urging the council to follow the recommendations.

No advance information is being given on the Personnel committee's recommendations for salary increases or adjustments for city employees. A meeting of the committee was held last week to prepare a report for tonight's council session. The city has earmarked \$45,000 in the new budget for pay increases.

A number of council members have indicated they prefer to follow the past practice of a blanket increase for all employees. Mayor Partney says he wants increases to be given on a merit basis.

Airman Admits Killing Nice of GC Woman

A Scott Air Force Base airman, Roger Allan Burns, 22, admitted Thursday the fatal shooting four months ago of Miss Rosann Elizabeth Curran, 24, of Waterloo, niece of Mrs. David Nagy, 2400 Benton street. Burns broke down mid-afternoon Thursday after having twice passed lie tests. He admitted killing Miss Curran after he had abducted her last April 22 from a self-service laundry in Belleville. Her nude and mutilated body was found in a rural area near Belleville five days later.

The airman was taken into custody last Wednesday after he had beaten severely a Belleville woman who had stopped at a service station where he worked part-time. The 22 caliber pistol used in the Curran slaying was recovered from a lake where Burns said he had thrown it.

Burns, who has been charged with murder in the Curran slaying and with intended murder for last week's beating of the Belleville woman, told authorities he was taken by his parents to a psychiatrist for treatment when he was 13 years old. His parents live near Decatur.

Building Permits For Remodeling, Additions, \$12,780

Building permits for construction work valued at \$12,780, most of it in remodeling and repair work, were issued during the past week by Granite City building inspector Orville Dellor.

One permit for raising a 10-room house that had been damaged by fire at a cost of \$2,900, also was issued.

Of a total of 14 permits during the week, eight were for remodeling and repairs for a total cost of \$7,945. Two permits for additions to dwellings were granted for work valued at \$1,955, and two permits were issued for \$2,840 in work on a carport and a garage. One permit for installation of stormwindows and doors at a cost of \$400, also was issued.

Permits issued for repair and remodeling included: Jack Troas, 2500 East 24th street, installation of siding, \$1,000; Lonnie Rickard, 2914 Buxton avenue, general remodeling and repair, \$1,000; Gloria Koester, 2533 Lincoln avenue, installation of house shingles, \$400; Harold Canada, 2667 East 23rd street, general repairs, \$1,000; Stanley Rutowski, 1430 Madison avenue, repair porch, \$1,800; Donald Wilcox, 2209 Cardinal avenue, patio slab, \$250; Bunte's, 1941-45 Delmar avenue, installation of siding, \$1,995; and Harold Hiram, 2816 Wayne avenue, remodeling and alterations, \$500.

Permits for additions were issued to Frank Marks, 2110 Leavenworth, for a patio porch at a cost of \$850, and to Grover Norwood, 2730 Iowa street, for construction of a front porch at a cost of \$1,000.

The permit for raising was issued to J. N. Bloodworth for tearing down a 10-room house at 2927-29 West 20th street, at a cost of \$2,000.

Driver Swerving for Dog Goes Through Hedge

A nine-foot section of a hedge at the home of William Kovach, 2407 Rock road, was damaged Thursday afternoon when an auto driven by Mildred Westham, 900 Niedringhaus avenue, went out of control. No injuries were reported.

She told police she was driving north when a dog ran in front of her auto and the car went out of control as she applied the brakes.

Son Born to Mr. and Mrs. Warren Nash

Mr. and Mrs. Warren Nash, 2628 Dixie avenue, are announcing the birth of a son, their first child, Thursday at St. Elizabeth Hospital. The baby weighed nine pounds, seven ounces. He has been named Christopher Eric.

The mother is the former Sharon Beckett, a daughter of Mr. and Mrs. James L. Beckett, 2012 Garfield avenue.

An auto being operated in reverse on the Nameoki Village shopping center lot by John Kozak, 3141 Pehling road, struck the right side of a parked car belonging to Jenez Howell, 2501 Center street. It was reported to police Thursday night.

Need for Juvenile Home Pinpointed by New Law

More urgent need for a county juvenile detention home in Madison county was stressed last week by James J. Reideberger, county chief probation officer, who said the new juvenile court act signed last week by Gov. Edward G. Bremer would require juvenile delinquency to be initiated after the bill becomes effective Jan. 1, 1966.

Under the new law, delinquency petitions no longer will be filed by probation officers, but instead will be filed by police officers in incorporated areas and the sheriff's office in unincorporated areas.

The bill is designed to protect the civil rights of boys under 17 and girls under 18 accused of crimes and assist them with psychiatric services.

If a child under 13 commits a crime, he must be taken to a juvenile court. However, if over 13, and the court feels it in his best interests or that of the public, a minor may be tried in criminal court.

Distinctions are outlined between delinquents, neglected children and minors otherwise in need of supervision. An adjudicatory hearing will be set up to determine if a juvenile should become a ward of the court; then later, after juvenile authorities investigate, a dispositional hearing will be held to determine disposition of the case.

Since a police officer and his witnesses must be present at the initial hearing, the probation office staff will not enter the case until after the first hearing.

Reideberger feels the bill is "a change for the good" because it gives juveniles the same protection of their rights under the law that an adult has.

GC Optimist Club Beamed On White World of Arctic

The all-white world of the North Pole region was brought into focus Thursday noon for members of the Granite City Optimist Club, who heard a descriptive account of a recent journey to that area by Dr. Robert MacVicar, Southern Illinois University vice-president for academic affairs.

Thirty members and guests were present for the weekly luncheon meeting held in the YMCA. The program, entitled "Over the Top," was arranged by Don Z. Farrington, program chairman.

Dr. MacVicar, who arrived home late last month, described his tour of four U.S. military installations and several smaller informal outposts, located in Greenland and Iceland. He made the two-week journey by air, accompanied by a number of college-level educators, at the invitation of the federal government.

He pointed out that major supplies are brought in once-a-year by ships, conveyed by ice-breaking vessels. At other times, he added, supplies can only be ferried-in by aircraft. The educator reported that most of the buildings are constructed on top of the ice, in such a fashion they can be raised as the ice

surface accumulates at various times during the year.

Facilities of all types, including recreational centers, are available at each installation for the men whose duties keep them in the ice-locked world, Dr. MacVicar said.

Edward L. Stone, president, conducted the business session, he announced plans for a social evening Thursday, Aug. 26, when members will be entertained at the Farrington home on Dunlap Lake, Edwardsville.

Next week, Earl Lee, Granite City school district's personnel and instruction administrator, will be the guest speaker. His subject, "Noodlin," relates to the practice of catching fish by hand.

License Suspensions For 2 GC Motorists

Driving privileges for two Granite Cityans were suspended last week by Secretary of State Paul Powell for reason of three traffic violations.

The suspensions were for James E. Leonard, 4348 Highway 162, and Ralph E. Seren, 17 Del Rio drive.

OVER 300 PERSONS crowded the Venice public library Friday evening to view exhibits of handicraft by 200 youngsters who took part in the seven-week recreation program sponsored by the Venice park district and city. A ceramic candy dish displayed is being viewed by the open house visitors.

County May Add Sales Tax on Rental Property

A major topic for the county board of supervisors at Wednesday's meeting in Edwardsville will be an extension of the half-cent county sales tax on rental or leased personal property. Levying the tax on such property became permissible under a new state law.

The board also is expected to take up the rejection by the county zoning board of appeals for an airport-industrial park development by C. Tom Foster along Route 111 south of Interstate Route 270.

The county's zoning and subdivision control committee, of which Granite City Supervisor Nelson Hagmann is a member, has voiced its disagreement with the decision to block the proposed multi-million dollar development in Chouteau township.

While not on the advance agenda, the board also might be asked to resume earmarking a portion of county sales tax income for juvenile detention home construction.

Site Name Requested To Honor Explorers

The Tri-City Regional Port Authority has under consideration a request received Thursday from the Wood River Chamber of Commerce for the authority's proposed development of harbor-industrial sites at the north end of the Chain of Rocks canal to be named the Lewis and Clark Industrial Park.

Tri-City Port Manager John Barrow said no consideration is being given to changing the name of the facilities at the canal harbor site here which is known as the Granite City harbor. He said the request for the Lewis and Clark designation for the development at the north end of the canal has merit.

Four Attending Special Workshop

Four Quad-Cityans are participating in a two-week workshop that opened today at Illinois State University, Normal, under the U. S. Economic Opportunities Act to develop a program for teaching functionally illiterate adults.

The workshop will be carried out under a grant of \$21,800 by the federal government and will be administered by the Illinois office of public instruction.

Among the 41 participants will be Albert S. Lewis, 239 Erie-cliff; Albert William Rowden, 2325 Angola drive; David Ryrd Jr., 1003 Market street; and Willie G. Watts, 521 Mercedola street.

Governor Awards Trophy To Twirler Carol Biggs

Carol Ann Biggs, lewd baton twirler, was presented with a trophy by Gov. Kerner Friday at the State Fair in Springfield for winning first place in the 14-year-old competition.

Miss Biggs, daughter of Mrs. Patricia Biggs, 2554 Center street, also competed with five other finalists and was one of the top three twirlers selected for an exhibition at the evening show in connection with the State Fair "Carnival of Music."

4 Youths Arrested On Loitering Charge

Four teenage youths were arrested at 12:15 a.m. Saturday at a drive-in restaurant at 22nd street and Washington avenue on charges of loitering.

The youths, released on \$25 bonds for hearing Aug. 25, were among the first to be arrested under the city's new anti-loitering law designed to keep down noise at drive-in restaurants.

Local Leaders Return from Natl. Homemaker Meeting

Five Quad-City women have returned from Purdue University, Lafayette, Ind., where they attended the 29th annual meeting of the National Extension Homemakers Council.

They are Mrs. Emerald Daves, Madison County Homemaker Extension Association, second vice-president; Mrs. M. J. Hill, immediate past second vice-president of the county organization; Mrs. Kathryn Arnold, second vice-president of the Granite City unit; and Mrs. Clara Schullinger and Mrs. Dorothy Hodges, both of the Tri-Unit.

The theme of the conference was "Homemakers Role in Community Development." Women from 41 states and Puerto Rico made a delegation of 3100 mem-

bers. There was also a delegation from Hawaii. Two women who had driven 800 miles from Anchorage, Alaska, were housed with the Granite Cityans.

Illinois received two honorable mentions. One was in the International field, Mrs. Virgil Davis of Edwardsville, is the state's International director. The other award was for one of the largest percentage increases of subscriptions for National Notes, the magazine of the National Extension Homemakers Council. Illinois is also privileged in having one of its past presidents elected as Central Region Director.

A letter was read at the meeting from the First Lady, Mrs. Lyndon B. Johnson, asking the women to make a delegation to the national beautification program.

ATTENDES CONVENTION IN CHICAGO

Mrs. Bethel J. Davis of State street has returned from Chicago where she attended the national and state convention of the Women's Christian Temperance Union. More than 600 delegates were present representing most of the states.

Mrs. Davis is president of the Granite City Unit and also holds the office of state director of Home Protection.

HALF-CAMERON WEDDING IN MISSOURI

Mr. and Mrs. Ralph T. Hall, 2624 East 28th street, attended the wedding Saturday evening in Warrenton, Ore., of their son, Charles N. Hall, to Miss Patricia Cameron, a daughter of Mr. and Mrs. Harold Cameron of that city.

The ceremony was performed at 8 p.m. at the Warrenton Methodist Church.

THE WGNU CLUB DERBY!!

BY...MR. GNU

As we welcome into the final five weeks of this year's Derby these are the official standings of the top clubs as of Wednesday, August 11 in the race for the new Buick station wagon and the top cash prize of \$500.

- First: Sequoyia Indians
- Second: Madison Band Parents
- Third: St. Margaret Mary Parish
- Fourth: St. Elizabeth Altar Society
- Fifth: Boosters of the Fighting Warriors

But, it is very, very close and anything can happen in these final five weeks—for instance, St. Margaret Mary has just ordered an additional \$1000 coupon! Now, should all of these be used with an average purchase of only one dollar apiece, St. Margaret Mary might go into the lead assuming Sequoyia and Madison Band didn't keep pace.

And Ann Grakhanoff, St. Margaret Mary co-chairman with Leona Van Meter, claims to have a black huster of an idea that's a cinch to sweep their group to the top spot! Our tip: WATCH ST. MARGARET MARY!!!

But the gang from St. Elizabeth is talking about secret weapons, too—and we saw John Gyarmati driving around in one of them—a bronze Buick from McMacdon.

Barb (Sequoyia Indians) Downing who, with her hubby, Bob, observed her wedding anniversary last Friday, is tossing a shower tonite for her son's bride of a few weeks. She requests all of the invites to bring gifts from Hurwitz.

Despite their slip to second place and despite the big stretch challenge from St. Margaret Mary and St. Elizabeth, Derby fans are still calling Madison Band the club to beat—June Barham has done a magnificent job as chairman.

By the way, we're going to have a drawing at the final turn-in for the bowling equipment so save those ticket stubs!

Congrats too to chairman Genevieve Beasley of St. Joseph's Parents and Friend who are making a strong bid to overtake the Warmie Boosters for fifth place money.

The second merchandise award this year is bigger than it ever has been—a 1966 Zenith Color TV set.

Watch for the special party at Friedman Furniture—good for many, many points.

And a big salute to Granite City Chapter 650 O.E.S., DIV Tent 90, Tri-Cities Chapter National Secretaries, and the Nite Outers who are making a big bid to crash into the Grand Prize Money.

For all of the latest Derby info—and you don't want to miss it at this stage of the game—he sure to tune into Ann Burton each morning at 9:30 and each afternoon at 2:30—WGNU, 920 kc.

SUNDAY BRIDE. Mrs. Richard Foreshee, who was married at the Maryville Road Assembly of God Church, a daughter of Mr. and Mrs. Casper Coerver of Edwardsville, she is the former Adriana Coerver.

Pfc Foreshee, Miss Coerver Exchange Wedding Vows

Miss Adriana H. Coerver, a home Coerver, was maid of honor of her daughter and Mr. Richard Foreshee, son of Mr. and Mrs. Richard A. Foreshee, son of Mr. and Mrs. Roy L. Foreshee, 838 Alton avenue, Madison, were married Sunday afternoon at a Pentecostal Assembly Church on Maryville road.

The Rev. Harold Maynard officiated at the 4 o'clock ceremony. A small reception for the family held in place of a feast. The bride's sister, Miss Bernice, held off at the home of the bride.

25th Anniversary Celebration

The 25th wedding anniversary of Mr. and Mrs. Edwin Willard, 2717 Madison avenue, was celebrated Sunday afternoon at a party at the Elk's Club from two until five o'clock.

The party was given by the sons-in-law and daughters of the couple, Mr. and Mrs. Robert Willard and Mr. and Mrs. Jack Ritchie.

Decorations of silver and white were used, and on the buffet table were the numerals "25" in silver, flanked by a music box which played the song "I Love You Truly."

Those attending were Mr. and Mrs. Ray Thomas and daughter, Mr. and Mrs. William Butler, Mr. and Mrs. Emil Willard, Mr. and Mrs. George McDaniels, Mr. and Mrs. Bernard Jenkins, Mr. and Mrs. Charles Ritchie and daughter, Mr. and Mrs. Ralph Gillion, Mr. and Mrs. William Hillmer and children, Edward Jenkins and son, all from this area, Mr. and Mrs. Theodore Kosten, Mr. and Mrs. Gene Johnson and son, Mr. and Mrs. Lorraine Willard of Collinsville, and Mr. and Mrs. Paul Jenkins of Edenburg.

State Tourney Here Due to Rich Neumann

Granite City will be the site of the 1963 Illinois Amateur Softball Association's state slow-pitch tournament Aug. 20-22 at Wilson Park. Any accident during this event here belongs to one of the most unheralded sports figures in the Quad-Cities area, Rich Neumann.

The well-known Granite City man, who resides at 3425 Lydia lane with his wife Mary Lou and their four children, is an accountant for a sporting goods company in St. Louis.

In the evenings throughout the week during the summer, he is the scorekeeper for the softball games played in the Granite City park district leagues at Wilson Park. His hours on this job usually are from 8:30 to 10:00 p.m. His pay for the entire summer's work is \$350. He has held this job for three years.

Neumann, a softball enthusiast, will sponsor the upcoming state slow-pitch meet for the second year in succession. He felt that this year's tournament simply because no one else appeared interested in sponsoring it.

Third Tournament
This event will be held for the third time in Illinois. All three meets have been in Granite City, which has become the hotbed of slow-pitch softball in the state due largely to the efforts of the park district's superintendent, Harold Brown.

Brown, who deserves more credit than he receives, has organized four slow-pitch leagues, which include 27 teams, in the park district's summer recreation program.

The tournament is financed mainly through the gate receipts from its games and the advertisers whose names appear on a program which is given to viewers of the contest.

Neumann, who barely managed to break even financially on the event last year, said that it

will probably go elsewhere next year unless this one is successful.

Local Entries

Local teams entered in the meet are the A-C Contractors, the defending state champions; Polish Hall, the 1963 titleholders; the Ravens, Larry's Super, Rozycki Realty, the Falstaffs, Granite City Steel Blast Furnace, Memorial Honorary Commission and Club Delmar.

The A-C Contractors were automatically given a berth in the tournament. The other clubs qualified by winning regional games at Wilson Park.

Out-of-town teams included in the field will come from Alton, Springfield, Pekin, Bunker Hill, Urbana, Decatur and Winslowville. A total of 18 teams will compete in the affair.

Lynch Wins Feature Event at Tri-City Speedway Saturday

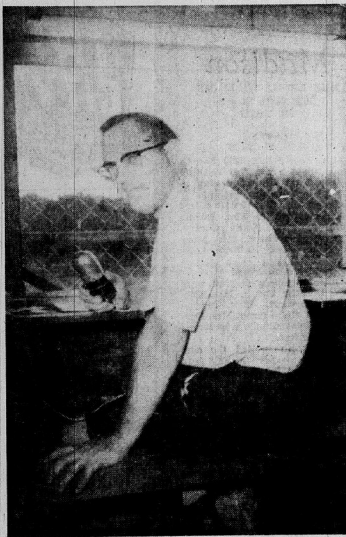

Chuck Lynch won the feature race at the Tri-City Speedway Saturday night, followed by W.B. Spaulding and Gene Henson.

Gene Henson took the super-modified handicap race, while Gene Henson won the first heat. Pete Squigley, the second, Lynch took the third and Charlie Boster the fourth.

In the feeder-bender class, Bob Stanton won the feature event, followed by Gary Booth and Sonny Burton. S. Winkler, both and Stanton took the heat races.

This Saturday night the feeder-benders will run on the quarter-mile track and the super-modifieds will be on the half-mile track in a regular program.

A FAMILIAR VIEW to players, managers and fans of softball games at Wilson Park is Rich Neumann, the scorekeeper and announcer, who is mainly responsible for the state slow-pitch softball tournament being held in Granite City for the third consecutive year. The meet is slated for Aug. 20-22 at Wilson Park.

Club Delmar Scores 9-3 Victory Over Falstaffs in Slow Pitch Loop

Club Delmar scored a 9-3 slow-pitch softball victory over the Falstaffs Thursday night at Wilson Park to set the stage for tonight's crucial battle with Polish Hall for first place in the Red Division of the Open League.

The winning team has a 9-2 record in league play, only a game out of the top spot. Polish Hall has a 10-1 mark.

Club Delmar led 5-0 going into the fifth inning. At this point the Falstaffs came up with their only tallies of the game and did not threaten thereafter, as the winner assured itself of no less than a second-place finish in its division.

Leading hitters for Club Delmar were Jerry Howell, who scored a homer and a double in addition to drawing a base on balls, and Decho Angelloff with three hits in four trips. Rich Demaree went two for two for

the losing team.

Sammy's Tavern and Mexican Honorary Commission traded blows in a slugfest with each other as the latter one took the contest 25-15.

Mexican Honorary put the game on ice with a 14-run explosion in the second as 18 men went to the plate. In that inning, Sonny Antoff duplicated a feat which he had achieved earlier this season by walloping a pair of four-baggers. He also had a triple in the contest.

Other top hitters who aided the winning effort were Augie Beavers with four for five, including a double and a triple; Jose Ybarra, whose three hits included a home run and a triple; and Andy Basarich with a pair of singles and a round-tripper. Four other players contributed three hits apiece to Mexican Honorary's attack.

Bob Karandjoff led Sammy's with two homers and a double in four at-bats. Other chief contributors were Ron Yates, whose three hits included a home run and a double, and Joe Hiles with a four-bagger and a double.

In another game Rozycki downed Union Star 12-7. The winner took an early lead and held a 9-1 advantage after four innings of play.

Gartland Horn slugged a home run for Rozycki. Russ Peters topped off a triple and a homer for Union Star.

Tennis Meet Registration Deadline Set

Supt. Harold Brown reminded today registration for the Granite City park district's Southern and Central Illinois Invitational Tennis Tournament will close Thursday at noon.

The meet, which is to be held on the Wilson Park and Granite City high school courts, will take place this weekend, Aug. 20-22.

Any interested participants must pick up an application at the Wilson Park office.

Single entry fees are \$2; doubles fees are \$150 per player for each event. Play is limited to three events. Balls will be furnished, and trophies will be awarded to the winner and runner-up of each event.

The application and entry fee should be turned in to Dave Moss, tournament manager. All players must live in the Southern and Central Illinois area.

USITA's rules will apply. The following events are on the card: junior boys' singles, junior boys' doubles, boys' 16-and-under singles, boys' 16-and-under doubles, boys' 14-and-under singles, boys' 14-and-under doubles, boys' 12-and-under singles, men's singles, men's doubles, senior men's (45) singles, women's singles and women's doubles.

Tom Tindall again led the hitting for the league leaders by hitting three for three with a double and a homer included. Tindall has now clubbed four round-trippers in his team's last four league contests with nine hits in ten at-bats during that span.

Ken Mitchell contributed two hits in three tries to the winning cause.

Wilson and Lonoza Peterson each went two for three for Community Heights.

In another all-star contest the Reds, composed of players from the Giants and Dodgers, edged the Blues, consisting of members of the Cubs and Red Sox, 3-2 in a Bantam Division tilt.

Mercer, Mitchell Win Inter-City League Games; Hearts Slugged 17-11

Mercer and Mitchell A.C. each scored victories while Sacred Heart lost in Southwestern Inter-City games played yesterday.

Charles "Jo-Jo" Johannmeier clouted a three-run homer in the top of the eighth to give Mercer a 3-0 lead over Polish-American. The ball traveled an estimated 425 feet.

In the ninth the local team picked up another tally on hits by Bob Soehlin, Bruce Thompson and Pat Harris, with the latter player getting the RBI, to insure

4-3 victory.

The War Vets came up with markers in the bottom half of the final frame. Gary Cumberledge had three hits in four at-bats for the winners. Thompson hurled a seven-hitter and got credit for the victory.

Larry Williams' single in the last of the seventh produced two runs and enabled Mitchell to take an 8-6 contest from St. Clair. Williams ended the afternoon with two hits and four RBIs.

Terry Brown sparked in a three-inning relief stint by allowing only one hit during that span. Brown took over for starting pitcher, Bill Liernman, in the seventh with two men on base and no outs. One run did score in that inning, but Brown held the Hatters in check the rest of the way.

Larry Corey had three hits for the winning team and Dave Sparks also chipped in with two.

Sacred Heart dropped a 17-11 slugfest to the Marysville Red Sox. The Hearts are now the sole occupants of the Red Division cellar since Trov, who was tied with the local club, won over Collinsville 5-3.

Paddlers Win Swim Meet With 369 Pts.

A powerful squad of novice swimmers from Paddlers' swim club won the Southwest Missouri Swimming Association meet Saturday at the Summers Park pool in Alton.

In overwhelming the seven opponents Paddlers accumulated 369 points. Monclaire Pool of Edwardsville finished second with 185 points; Sundowners of Belleville, fourth with 143; and Summers Park, the usual power, fifth with 96. The Hilltoppers of Dupon, Town and Country of Collinsville, Sunset Hills Country Club of Edwardsville and Dorchester Swim Club of Belleville rounded out the field in that order of finish.

Gary St. Lany was a triple winner for the local club, while Mark Loftus and Debbie Hodge were double first-place finishers. James Parker was the only first-place diver for Paddlers. About 37 swimmers from the local club competed in the meet and all placed well.

In an AAT diving meet held at the Hilltopper Pool in Dupon on the same day, the Paddlers finished second to a strong Webster Groves entry.

VACATIONISTS RETURN

Mr. and Mrs. Kenneth McDowell and children, Eddie and Connie, returned home Saturday from a two-week vacation.

Mr. and Mrs. Henry Ezell had as guests their son-in-law and daughter from Waco, Tex., this past week. They visited the Bend Road Baptist Church while they were here.

A work party was held Saturday at the Horseshoe Lake Road and Gun Club. Breakfast and lunch were served to 12 members.

Mr. and Mrs. Wm. Mirtak returned home Thursday from a vacation with relatives in Kansas City. Their children, Sandy and Ronnie accompanied them on the trip.

Family night was held Thursday evening at the Bend Road Baptist Church.

Parked Car Damaged

While backing his auto into a parking space on 19th street near State street Friday night, Eugene Vrecek, 2527 East 25th street, struck the left rear of a parked auto belonging to Edward Comper, 2405 Glen drive.

PRE-NATAL CLASS MATERIALS displayed by Mrs. Alberta Rongey, RN, who will be in charge of the course to be held at St. Elizabeth Hospital for expectant parents.

Pre-Natal Classes Planned For Mothers, Fathers-to-be

Plans have been completed for the autumn series of classes for expectant parents to be held at St. Elizabeth Hospital starting Sept. 21 and continuing until Oct. 12. Classes will be held each Tuesday from 7:30 to 8:30 p.m. in the TriCor Medical Building adjacent to the hospital, 21st street and Madison avenue.

In the past the pre-natal classes were held in the afternoon, but interest has been indicated by the fathers "soon to be." It is not mandatory that the fathers attend the classes, but it is highly recommended. Hospital authorities said.

Films, lectures and demonstrations will be featured during the course, which will be conducted by the nurses of the maternity department. Mrs. Alberta Rongey, RN, supervisor of O.B. department, is in charge of the series.

Expectant parents wanting further information may call the hospital.

the decision... We wish to go on record to the citizens of Madison county in opposing and being in complete disagreement with the decision of the zoning board of appeals in denying the petition of Mr. C. Tom Foster, "Progressive Step."

"We feel that the development of an airport in this particular area would be the first major progressive step that Madison county could possibly take in order to encourage small industry and business to locate in Madison county."

"In light of this development, we would encourage the people of Madison county and the members of the board of supervisors to oppose the decision of the zoning board of appeals and to support this progressive development."

The developer displayed drawings of the proposed airport with a 2000-foot runway for executive type aircraft and pointed out the airport has the approval of the federal and state aeronautics boards. Foster's plans call for a motel, restaurant between Interstate 270 and old U.S. 66-49 and for the airport and industrial development south of Route 270.

Howard Kaseberg, chairman of the zoning appeals board, who operates a farm adjacent to the tract for the proposed airport.

Park District Pre-School Class Enrollment Today

Registration for pre-school classes that are to be conducted by the Granite City park district is being held until 5 p.m. today in the Wilson Park office.

Sessions will begin the week of Sept. 20 at the park district's Lincoln Place recreation center, 822 Niedringhaus avenue. Harold Brown, park superintendent reported.

Two morning sessions will be held from 9:30-11:30 a.m. on Mondays and Thursdays. Afternoon classes for two separate groups will be conducted from 1-3 p.m.

disqualified himself from the voting. The appeals board voted 3-to-1 to deny the zoning change request.

Vote by Appeals Board
Frank Harrison of Wood River was the lone appeals board member to vote for the development. Opposing it were Paul Worcester, also of Wood River; Marion Wilcox of Edwardsville; and Leo Sedlak of Edwardsville.

Among the objectors were local realtors, Ralph Morris, A. R. Cooper and John Socol; E. G. Schmidt of the C. of C. John Barron, manager of the Tri-City Port Authority, and bankers of the Alton area who own adjacent property.

Foster commented that he proposed to provide an asset to the area "without digging into the community's pocket." He said the development of the airport and industrial park would represent an investment of about \$2,000,000. It would be called "Foster Field and Research and Development Plaza."

Mrs. Effie Lambert, 91, Dies; Ill 5 Months

A 91-year-old resident of Granite City, Mrs. Effie Lambert, 91, 1823 Maple street, died at 9:15 p.m. Sunday at St. Elizabeth Hospital. She had been a patient for one day. She had been in failing health for the past five months.

Mrs. Lambert was born in Zion Station, Ky., and moved here in 1908. She was a member of the Second Baptist Church. Her husband, Benjamin F. Lambert, died in 1953.

Survivors include a daughter, Mrs. Ruby Hoffman, and a son, Robert Lambert, both of Granite City; a brother, Ollie Alexander of Ellington, Ky.; eight grandchildren and 17 great-grandchildren. Funeral arrangements are given in today's obituary column.

Auto Shears Pole, Knocks Down Sign

A motorist whose auto sheared off a wooden utility pole, and knocked down a no-parking sign at Walnut street and Niedringhaus avenue Saturday evening, was charged with careless driving.

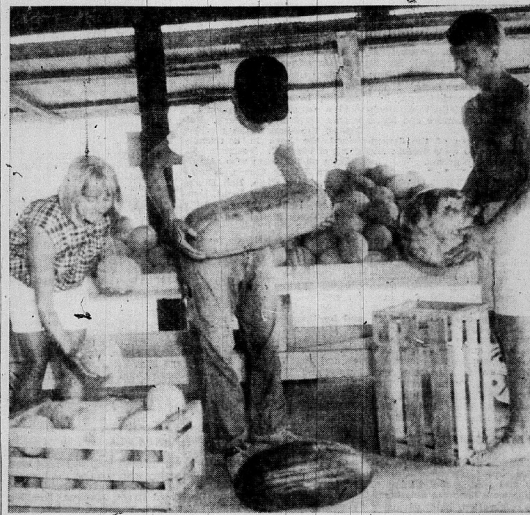

He was Joseph Magyar, 44, of 1642 Maple street, who was going east and making a left turn onto Walnut. A hearing was set for Aug. 25.

County Bar Debate Published State-wide

William Beatty, president of the Madison County Bar Association, announced this morning that the transcript of the Constitutional debate upon the three proposed federal constitutional amendments, which was held by the Madison County Bar Association at the Sunset Hill Holiday Inn, on June 26, 1963, has just been published in the August 1963 issue of the Illinois Bar Journal.

The participants in the debate were Justice Millard F. Caldwell, Justice of the Florida Supreme Court, for the affirmative; and Atty. Arthur J. Ground of St. Louis for the negative. Atty. Burton C. Bernard of Granite City served as debate moderator.

Atty. Beatty pointed out this debate was the second of four major public affairs programs sponsored by the Madison County Bar Association. The first was a commemoration of James Madison, the "Father of the Constitution" for whom Madison county was named; the second was the Symposium on Free Press and Fair Trial held in September 1964; and the third was a debate on the legalization of wiretapping held in June 1965.

Sheriff Requests Revisions In County's Liquor Law

Revisions in the county liquor law to aid law enforcement officers in curbing after-hour sales and sales to minors are being sought by Sheriff Barney Fraundorff.

A letter was sent last week to Harold Landolt, county liquor commissioner, and members of the county liquor license committee of the board of supervisors requesting the change. The county board is to meet Wednesday morning, and it is hoped the changes will be submitted at that time.

Fraundorff points out that under the present law "it is almost impossible to make an arrest. The only way we can make an arrest is by proving that a sale has been made after the closing hour, and we are always aware that we may be accused of using entrapment in this type of arrest."

The sheriff suggests that since

customers may now loiter in a tavern after closing hours, the law should be changed so that no one but the tavern licensee or employees be permitted inside an establishment after the closing hour.

He also recommends the county liquor control law pertaining to sales to minors be changed to conform with the state for both men and women. The state law now specifies 21 years as the minimum age for liquor purchase. Previously it had been 18 years for women.

Another problem confronting the sheriff's office are eating places that also serve liquor. He suggests that at the tavern closing hour, the food establishment should be required to lock or cover its liquor stock if it will continue to serve food.

Mrs. Hartzel Wins Teacher Scholarship

Mrs. Lile (Diane) Hartzel, 160 Tennessee avenue, was awarded a teacher's education scholarship last week from County Supt. Wilbur H. L. Trumpe, as a result of a high score on a General Education Development Test.

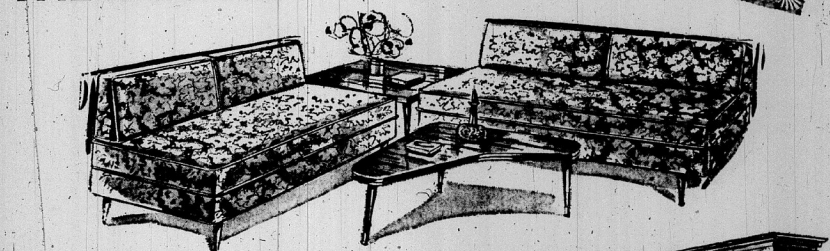

Trumpe explained the scholarships are awarded strictly on the basis of test scoring, and he noted that Madison county received nearly a third of the total number awarded in the state.

Over 1000 Madison countyans took the test.

Award of the scholarship was made during a luncheon in Edwardsville.

Bids Sought to Fence

Route 270 Near Mitchell

Fencing sections of Interstate Route 270 near Mitchell will be one of the state-wide projects for which bids will be received Aug. 27 by the state highway department at Springfield.

Federal funds pay for 90% of the interstate highway construction cost and maintenance, and about \$4,000,000 in federal funds is expected to be released to the state in early October.

High Degree of Sewage Treatment Needed if Lake is Used

Despite its conclusion that "an extremely high degree of treatment" would be necessary at Horseshoe Lake, if Nameoki township provides sanitary sewers and sewage treatment, the engineering firm hired by township officials recommends its plan as "physically and financially feasible" and "vital to the health and growth of the community."

Much of the weight of this section hinges on the assumption that "no other agency is willing or able to handle any sewage flow."

Three principal areas would be served: State Park Place, which is not close to any municipality; East Madison-Cloverleaf, immediately east and south of the city of Madison; and Miracle-Lake, also including Pontoon Beach, New Haven and the Gore-Wilshire subdivisions to the north and east of Granite City.

An election is to be held Aug. 24 on the township sewer plan. The Lochner firm's discussion of Miracle-Bellemeau includes the statement that "adjoining communities are rapidly becoming saturated and this should tend to increase the expansion rate of sewer system, so this plant and system are designed concurrently with all sewers flowing directly to the plant" near Horseshoe Lake.

In Lochner's general recommendation, the township is urged to "when this area was originally studied for a sewage program, it was pointed out that other agencies would provide the treatment. The map of the area shows the limits of the East Side, East and Sanitary District, and in their 1959 pollution abatement report, Nameoki township was included in the study."

"Subsequent actions of Granite City and East St. Louis, providing their own treatment facilities have caused a deletion of these areas."

"Only Solution"

"This is particularly true of Granite City, as expansion of their system is curtailed by a pollution abatement order. Consequently, the only feasible solution for the Miracle-Bellemeau-Pontoon Beach area is to provide their own treatment."

Expansion no longer is banned. The report fails to note that the Granite City sewer extension ban was based on lack of a sewage treatment plant. Bonds have been sold, a contract has been awarded for construction of a Granite City treatment plant, and the plant is nearly completed.

Participation Mandatory

The township would require property owners to pay for sanitary sewers and sewage treatment if it issues revenue bonds to finance the sewer program.

Supervisor Harry Briggs told a gathering of 100 township residents last October that there were no plans to make participation mandatory.

However, it was learned that any bond buyer would need proof of the number of actual users, since the whole question of economic feasibility rests on the size and number of tap-on payments and monthly usage fees.

Engineer Harold G. Moe of the Lochner consulting engineering firm, said at a town board meeting that it was only through recent growth of the township that it was possible to spread the tap-on fee at \$100 and the monthly payment at \$4.66 (\$53.90 a year). The fee is not shown in the ordinance and is subject to change by the town board.

Reporting on a count made through aerial photographs beginning in March 1964, Moe said 586 additional homes had been built in two years. Without these extra sewer users, the tap-on would have had to be \$230 and the monthly charge over \$5, Moe said.

Based on 2200 Users

Except for the assurance that 2202 homes, 75 trailers, 24 motel units, 4 businesses and two schools could be making regular payments, there would be no way of showing how the proposed ordinance could be retained.

Voluntary participation theoretically could accomplish the same thing, but public discussions of the issue showed many families might not sign up voluntarily.

Potential loss of the village of Pontoon Beach, which is in Nameoki township, clouded the economic picture, but the township board voted to ask the township to provide sewers.

Bond attorneys had ruled that formal instructions were needed from village trustees to guide the town board in including or excluding the village from the sewer plan.

Engineer David Johnston has estimated cities would charge a tap-on fee of \$45, and a monthly fee of \$2.40, consisting of \$2.50 for sanitary sewers and a 50-cent rate for sewage treatment. This would be a saving of \$35 initially and \$15 yearly.

Reasons For High Cost

Johnston's view is that the township plan is more costly than alternatives for two reasons:

1. It is cheaper to build and

Jinxed Auto True To Form on 13th

Friday, the 13th just added to the auto woes of Alberta Ethington, she discovered at 6:10 a.m.

The 1954 green auto was the object of a local county state search on Sunday, Aug. 8, when it was stolen from her home and later found by county authorities in the vicinity of the Chain of Rocks canal.

On Friday she found that vandals had worked the car over. All doors were standing open, the back seat had been pulled out and the front floor mat had been ripped loose.

Son Born in Germany To Former Resident

Mr. and Mrs. Frank Murphy, 3069 Washington avenue, who returned recently from a month's visit with their son-in-law and daughter, Capt. and Mrs. William J. Murphy and family, and with a nephew and niece, Dr. and Mrs. Samuel Farrell in Wiesbaden, Germany, have just received a cablegram announcing the birth of a son to the Murphys Aug. 3. The baby weighed eight pounds, five and three-fourths ounces and has been named Ian Frank. He has a brother Craig, three, and a sister, Kathy Ann, eighteen months old.

Capt. Murphy attended local schools and was graduated from St. Louis University.

Vandals Damage Garage

Eileen Gray, 2226 East 25th street, reported to police Thursday that vandals had ripped several shingles off the side and a section of the roof of her garage.

operate a large treatment plant than it is to install and operate several small treatment plants that duplicate the same process at scattered locations.

2. Only primary treatment is required for sanitary sewage discharged from a treatment plant into the Mississippi River; both primary and secondary treatment, adding to the cost, are mandatory for township sewage discharged into Horseshoe Lake.

This analysis is supported by other engineering authorities.

Horseshoe Lake land owners have threatened to sue in an effort to block discharge of treated sewage into the lake.

Supervisor Briggs announced last week that the township will apply to the federal government for an effort to obtain about \$750,000 to help finance the sewer program.

Divorces Granted In Circuit Court

Judith K. Ruppert of Granite City was granted a divorce from James E. Ruppert in circuit court at Edwardsville Friday. According to the decree the couple was married Aug. 20, 1962, and separated May 20, this year.

The decree divides the custody of a minor child into six months with the plaintiff and six months with the defendant until the child becomes of school age when he will live nine months with the defendant and three months with the plaintiff. Each of the parents was given the right of visitation on weekends when the other has custody of the child.

Circuit Judge L. H. Strepper also ordered the defendant to pay \$20 per week support at such times the child is in custody of the mother, but awarded all household property to the defendant with exception of a washer, dryer, TV set and baby furniture. The plaintiff was ordered to sign over title of an automobile she owns to the defendant and to pay \$500 into the child's bank account as a trust fund.

Mabel Boggs, Madison, was awarded a divorce from Harry Boggs, also of Madison. They were married Feb. 20, 1944. Real estate at 1827 Collinsville avenue, Madison, was awarded the defendant under a property settlement approved by the court. The plaintiff is to receive a \$200 bank account and a house trailer, while the defendant was awarded household furnishings and title to the family automobile.

Anti-Poverty

(Continued from page 1.)

The individual area provides 100%.

\$1250-A-Month Job

On approval of the application, the commission will hire a director, at a salary of \$1250 per month, to supervise the total project and coordinate the efforts of subordinate groups.

Three assistant directors, whose monthly salaries were set at \$1000, will be hired to direct operations in the Quad-Cities, the Alto-Wood River-East Alton area, and in Edwardsville to cover all other areas of the county.

Separate offices will be maintained by the project director and the three assistants in their respective areas. Each office will employ a secretary, at a monthly salary of \$400 and a clerk-typist at \$250 per month. The assistant directors also will have 15 neighborhood workers at an hourly rate of \$1.50.

The total personnel cost for the six-month development project was listed as \$107,580.

Purpose of Program

Principal purpose of the program is to study the poverty conditions in the county, to estimate needs and resources needed for their alleviation. It will advise in the undertaking of new economic opportunity programs either through existing agencies, or in the formation of new organizations.

Although a recent state analysis indicated that Madison county ranked third among Illinois counties in symptoms of poverty, dispersion among the county's anti-poverty groups has caused the county to lag behind St. Clair county in seeking federal assistance under provisions of the Economic Opportunity Act.

The initial year for the funding program ended June 30. Formation of the 100-member county commission took place with Moore, a resident of City resident, named president. Other officers are James M. Bailey, Alton, first vice-president; Hugh Halston, Venice, second vice-president; Dorothy L. Fink, Edwardsville, treasurer; Mrs. Marvin Korinek, Collinsville, recording secretary; and Mrs. Ada Walton, Madison, corresponding secretary.

Of the 100 members, 60 represent public and private agencies who concerned with public welfare, 20 interested citizens and 20 members from poverty-stricken areas. According to the commission's constitution and by-laws, no member of the commission is eligible for employment in the programs it sponsors.

Thief Hauls Away Trailer, Boat And 70 HP Motor

Theft of a 15-foot boat mounted on a 20-foot Tee-Nee Trailer and equipped with 70 horsepower outboard motor from the curbside at the home of Richard Cain, 2516 Angela drive, was reported to sheriff's office at Edwardsville early Friday morning.

Cain reported the boat, motor and trailer were stolen by a thief who apparently hooked the trailer to a car and drove away with it, while he was at work at the A. O. Smith Corp. plant.

Eight other thefts were reported to area authorities over the weekend.

Home Ransacked, \$55 Taken

The home of Ray Douglas, 3010 Pershing avenue, was ransacked, it was reported to police Saturday evening by a relative. A kitchen window was broken to gain entrance. Most of the ransacking was in bedrooms, police were informed. Douglas reported Sunday that \$55 was missing from a dresser drawer.

Equipment in a coin operated car wash in the 800 block of Madison avenue, Madison, was damaged and one of the coin boxes was pried open, according to a report to Madison police by Glen Moran, Jefferson City, Mo., operator of the car wash. Moran reported signs were torn down, a hose pulled out and one of the equipment doors pried open, as well as one of the coin boxes. No estimate was given on the amount of money taken.

Parked Car Looted

A table model radio and \$10 worth of groceries were stolen from the back seat of an auto of Steve Fitzhugh, 2125 Edwards-ville road, early Sunday when the auto was parked at 18th and State streets.

A green power mower valued at \$20 was stolen from the home of Leo Robertson, 2300 Nevada avenue, Friday night, it was reported to police.

Whisky Stolen

Two fifths of whisky were stolen in a burglary at the White Way tavern, 1900 Sixth street, East Madison, it was reported to the Madison county sheriff's office Saturday morning. Entry was gained by breaking a window.

An attempt to force open a rear door at Naborhood Liquor store, 2530 Nameoki road, was discovered Saturday morning. The burglars pried on the door with a tire tool and beat on it with a hammer, but were unsuccessful in getting it open, police said.

Mrs. Matthew Thomas, 1633 Sixth street, Madison, reported to police early today that the battery was stolen from her car parked at her home.

RETIRED CITY FIREMAN, Breacy Wyatt, 76, Retired Fireman, Dies of Cancer

Breacy V. Wyatt, 76, a retired city firefighter, died Saturday evening after a 1 1/2-year illness with cancer. He was at home, 2609 Edwards street, and was pronounced dead on arrival at St. Elizabeth Hospital about 6:15 p.m.

Mr. Wyatt, a native of Franklin, Ill., lived here 34 years and was a 20-year member of the Granite City fire department before his retirement 23 years ago. He was a member of the Madison County Firemen's Association.

Before joining the fire department, he was employed as a conductor for the old Illinois Traction System and was an employee of Granite City Steel Co. Survivors include his wife, Mrs. Grace Wyatt; a daughter, Mrs. Louis (Vera M.) LaRose, and a son, Lawrence H. Wyatt, all of Granite City; a sister, Mrs. Leola Wilkerson of Detroit, Mich.; five grandchildren and three great-grandchildren.

Funeral arrangements are given in today's obituary column.

Improper Lifting Causes Many Accidents

Every year thousands of people suffer unnecessary sprains, strains, hernias and other injuries because they didn't lift something the right way.

Just like many machines, your body is a mechanical system of

levers and hinges moved by cables. Nature designed each bone joint and muscle for a specific purpose. When you overload these joints and muscles or use them in the wrong way, you are inviting injury.

One of the most common and dangerous practices is bending at the waist when you reach down to pick up something. In this position it is easy to put a severe strain on sensitive back and stomach muscles. Always bend your knees and keep your back straight when you lift something from the ground or floor.

Practice safe lifting rules until they become a habit with you. In the clear, be sure to get a good grip and a good footing, keep the load close to you and get help on heavy and awkward loads.

Old Pickle Recipes Aren't Good Enough

Old recipes using open-kettle pickles aren't good enough for keeping pickles at their best. There is always danger of spoilage organisms entering the food when it is transferred from kettle to jar.

Food specialists therefore recommend processing pickles by the boiling-water bath method. This technique destroys organisms that cause spoilage and activates enzymes that may downgrade color, flavor, and texture.

If you're not a "pro" at the boiling-water bath process, here are the steps:

Immense jars in actively boiling water in canner or deep kettle. Be sure the water comes an inch or two over the jar tops. Cover the container tightly, and bring water back to boiling as quickly as possible. At that point

begin to calculate processing time and boil gently and steadily for the time recommended by the recipe. Remove jars immediately to a wire rack, setting them several inches apart to cool. Complete the seals if closures are not self-sealing types.

Processing of fermented cucumbers and fresh-pickled dills differs slightly from usual water-bath procedures. For these products, remove jars immediately to a wire rack, setting them several inches apart to cool. This also prevents a cooked flavor and loss of crispness.

Homemakers desiring recipes for making pickles with the boiling-water bath process may contact the home adviser.

Give Annals August "Lift"

The fact that summer is waning doesn't necessarily mean that annual flowers have "had it" for the season. But they will do better from now until frost with an August "lift."

Here are some suggestions: Trim back petunias. Trimming will bring them back into full flower in a few weeks. Remove lower, rank growth so that new shoots from the ground or center of the plant.

As the last flowers fade, remove spent snapdragons spikes so that new shoots will develop from the base of the plant. In cutting the spikes, leave about six inches of stem on the plant.

Also remove faded flowers from annual phlox, leaving about six inches of stem on the plant. Do the same for marigolds and zinnias. To keep annuals growing vigorously throughout the rest of the summer, apply a complete fertilizer at the rate of two or three pounds per 100 square feet of bed area. Be sure the soil is moist when you apply the fertilizer, and wash off any that gets on the plant foliage.

Select Onions to Eat Food

Spanish onions, yellow onions, Bermuda onions, Italian onions, which are best for eating?

Use either yellow or Spanish onions for general cooking and seasoning purposes. The yellow onion has a strong flavor. It has yellow skin and white flesh, is firm and varies from a round to flat shape. This variety is on the market from now until early spring and stores well for a long time.

The Spanish onion has a mild flavor. It is large, yellowish-brown skin and round or oval in shape. You can buy it from late spring to early summer, but it is not suitable for long storage.

Almost any part of the body may become infected by tuberculous germs, but some parts—the bones and joints, the lymphatic, reproductive, urinary and digestive systems, as well as the lungs—are more susceptible to the disease than others.

The emphysema death rate is now six times what it was ten years ago. This is a chronic disease of the lungs that makes breathing difficult.

4 IN FAMILY KILLED in a tragic two-car collision Saturday morning on Interstate Route 70 near Collinsville.

Only the small infant, being held by the mother, survived the crash. The vacationing family was returning to their home in Waco, Texas, from Ohio. An inquest is to be conducted by Granite City Deputy Coroner Robert Thomas. Standing in the foreground is eight-year-old Isaac Chamberlain III, who was killed, as were his father, Isaac Chamberlain Jr., 30, 2½-year-old Belinda Ann, who is being held by her father, and the mother, Virginia, 28. The small boy being held by the mother is Richard, 1½ years old, who is in fair condition today at St. Mary's Hospital, East St. Louis.

2 Hospitalized Sunday With Wrist Injuries

Wrist injuries hospitalized two local residents yesterday at St. Elizabeth Hospital. Injured in separate mishaps were Coral Atkinson, 8, daughter of Mr. and Mrs. Keith Atkinson, 294 Tennessee avenue, Mitchell, who sustained a dislocated left wrist and injured left forearm when she fell from a tree, and Elyan Gray, 39, of 2920 Morgan street, who fractured his right wrist when he stumbled over a hole while fishing.

Others treated in the emergency room and released were Fred Williams, 32, of 4244 Highway 111, who had seven sutures taken in his left forearm, after accidentally cutting himself with a razor blade, and Joe Brown, 45, son of Ralph Brown of Glen Carbon, who incurred a head cut while swimming.

Mrs. Tula Witt Dies, Former GC Resident

Funeral services will be held at 10 a.m. Tuesday at the Christian Church in Montgomery City, Mo., for Mrs. Tula Witt, a former Granite Cityan and widow of the late Elmer Witt.

Mrs. Witt died Saturday in a Mexico, Mo., hospital. She had been residing recently in a nursing home in Anxess, Mo. She had been in failing health for some time.

The Witts formerly operated a confectionery at 23rd and State streets. She was a member of Central Christian Church here and was a member of the Order of Eastern Star.

CYC Deanery Group Plans Shrine Trip

St. Mary's School was the scene of a Catholic Youth Council Deanery meeting Friday for council executive officers. Plans were made for a pilgrimage to the Shrine of Our Lady of the Snows, Belleville. The group will begin with a 10 o'clock mass followed by a tour of the shrine. A luncheon and Holy hour will follow.

All college and pursuing school students of the Alton Deanery are invited to attend as well as all CYC members and recent high school graduates. A short meeting concerning the Diocesan constitution will follow the visit. Those attending the executive

meeting were Marcella Bero, Madison, Merle Foley and Jack Fields, Venice, Susan Catter, Alton, Tony Formers, Collinsville, and Dean Gehler of the Little House attending the executive

Cave Cops Trophy in Jaycee Golf Tourney

Don Cave was the winner of the Granite City Jaycee golf tournament, held yesterday at the Fairmont golf course. He bested 20 entrants, all members of the local service club.

Later, the golfers were joined by their families for a picnic and swim at the Sun 'n Fun park, where a trophy was presented. Cavey by Victor Weatherholt, tournament chairman.

Two Madison Teams Win Khoury Playoffs

The Save-Mor Panthers and the Madison Police of the Madison-Venice Khoury League each won playoff titles during the past weekend.

Save-Mor won the Illinois Khoury League championship for second-place teams in the Atom Division by defeating a team from Milledale 9-5 on Saturday.

The Madison Police club also won by a 9-5 score Sunday evening in the Atom Division, giving it the Illinois fourth-place title in the Midwest Division.

Both local clubs will compete against St. Louis opponents in additional playoff games this weekend.

Youth Hurls No-Hitter In Park Playoff Tilt

Steve Harris pitched a no-hitter Saturday for Local 16 of the Smokey Pudgey Midlet Division against Bill Burns Catereria as his team won 3-0 in a playoff contest. Parks walked only one batter.

Bill Parks hurled a one-hitter Thursday for Barker Trucks of the Owen-Patrick-Bantam Division over Brooks, Barker won the game 12-0. Parks struck out 14 of the 15 batters he faced.

THE PASTOR SPEAKS

REV. JAMES H. ELDRIDGE
Central Free Methodist Church
In modern times there is an expression often used when misfortune and unhappy situations come thick and fast: "When it rains, it pours."

In the first chapter of the book of Job, we find a situation here where such an expression might be used. Job was a man of wealth and had a lovely family. One day everything seemed to go wrong. A servant rushed in to tell him that the sheaves had swept down upon the beam, scattering them and killing the servants. Another servant came in and impatiently waited for the first speaker to cease; he was the only survivor of a hail of lightning that killed all the sheep and the other attending servants.

On the heels of the second, came the third with the news of a band of Chaldeans who had slain other servants and had made off with the rest of the flock. Last of all came the dreadful report that all of Job's children had been killed in a storm of fire. Whatever caused such a dreadful day in the life of one man—and a good man at that—will eventually lead finally to it.

One problem of our day is that too many people are looking for a pleasure instead of the long look at life. How did Job come out? The story ends with his goods returned double, his friends returned and his family increased. Life has its reward for those who live it well. Duty may call for sacrifice, but faithfulness has its reward.

Men serve God because it is the right thing to do and the only way to find a sense of life in the face of a soul's eternal existence.

THE FORUM

Letters with abusive or libelous content will not be printed. Letters of good faith or fair play will be printed or edited.

VIEW OF MOTHER OF THREE SERVICEMEN
I have just finished reading Sgt. Charles W. Martin's letter in The Forum Aug. 12. His letter is so true.

It makes me stop and wonder how people in our beloved country can be so prejudiced, why our own country, where all men are "free and equal," there are so many who cannot even vote. You hear people saying, "What are we doing in Viet Nam?" If they would just keep up with the news, we have been there a long time.

It is so plain to see that it's better to fight than to run. Our own shores. And we know we are going to have to stop Communism somewhere, or give up all our own ideas of liberty and justice for all.

I imagine some people will say, "You can't talk. If you don't have anyone in the service." Well, they are wrong. I have three sons and three grandsons in the service, and they are all doing well.

As Sgt. Martin says, it is "funny how war changes things. Over here, every man is equal. I hope all of you want there a long time to war to find it out."

SUPPORTS PROPOSED STRIKEBREAKER LAW
To the Editor:

We noticed in the Press about an ordinance to prevent strikebreakers. Two percent for the union is a small price. I don't need industries. I disagree with this man, who was elected to represent the people of his ward and to better it.

I think an ordinance to prevent strikebreakers is good. The people spend a big part of their lives to build plants and in turn to support their families. People who work for less than money in Granite City, and most of them live in Granite City.

City officials can keep them here by hiring local men. People who steal their jobs. Repeat of 143 of the Taft-Hartley Act also can help.

No Justification For County Board To Override Airport-Industrial Park Ruling

The surprising stand by the Madison County Zoning and Subdivision Control Committee, which seeks to override a Zoning Appeals Board rejection of an airport-industrial park proposal near Superfund, into hasty approval of the "spot zoning" plan.

The numerous objections which have been raised are not against airport and industrial expansion as such, but against the location. Rather than conforming to existing land use patterns, the development would be a non-conforming island in the midst of an agricultural tract virtually certain to be converted to housing.

Aside from giving the owner a monopoly on small plant sites in that section of Madison county, a favorable action by the supervisors could have a devastating effect on outward extension of the Quad City residential area; not many people would want to live next to an airport. Areas of close proximity of a student landing strip to power lines and interstate highway traffic also raises questions.

More supporting information than has yet been available would be necessary to justify overriding the Appeals Board. The County Board should uphold its appeals board's action.

Growing Shortage Of Pastors

At least on the basis of government statistics, unemployment remains a problem in the U. S. But just the opposite is true regarding pastors, who are becoming so scarce that a critical shortage is predicted in future years.

American congregations now exceed the number of pastors by nearly 70,000. Many of these pulpits are filled by ministers who serve more than one group of parishioners, while many others cannot be adequately served in this manner due to their size or location. And both Protestant and Catholic seminaries report decreases in their classes compared to the total population; in some cases, there are actual decreases from the past year. Pastoral and priesthood enrollments of past years. Although low pay is cited as one of the reasons for the shortage of clergymen, this would seem to be easy to correct; those congregations desiring a minister must offer salaries high enough to attract a sufficient quantity.

But in an affluent society, the call for a life of sacrifice, dedication and discipline may be more difficult to hear than formerly—especially when those who are called encounter not only church opportunities but also challenges as the Peace Corps and counseling work.

Receipt of unsolicited goods through the mail need no longer concern Quad-Cityans as to their ethical or legal obligations. A newly signed state law reads: "It is unlawful to throw away the unwanted product—under the surest way to halt such questionable sales tactics."

County Anti-Poverty Commission Acting To Block Political Control

The Madison County Economic Opportunity Commission also is in the list of employment policies proposed by its president, George E. Moore sr. of Granite City, at its meeting last week.

In formally recognizing the importance of hiring the best qualified individuals, as well as those who are in the ranks of the culturally deprived, the county commission has demonstrated its disinclination toward political patronage appointments. The fear of domination by politicians has been the stumbling block for the Madison county commission, which has seen competition by rival groups block its programs while other counties made rapid headway in qualifying for federal anti-poverty taxes.

The plan now adopted provides for selection of a county director and three assistant directors—to be located in the Quad-Cities, Alton and Edwardsville, the basis of merit, including an objective appraisal of their background, education and experience. Neighborhood anti-poverty workers, secretaries, clerks and typists are to be hired from among the residents of the areas to be served.

Having taken these precautions to keep the emphasis on helping poverty-stricken people rather than aiding political organizations, the Madison county commission is right in avoiding mergers of the type that have been proposed.

A detailed analysis by Chairman Moore shows that such mergers of commissions would have lacked proper balance. The Alton-Wood River area, with 48% of the population and 32% of the unemployed, would have had 50% of the membership of the revised group. Areas other than Alton and the Quad-Cities would have had only 25% representation, in contrast to the 49% of the county's low-income families and 51% of the sub-standard housing. Quad-City representation would have been about right in total, but a great many of the members would have been from a section having only a fourth of the population of this community.

Although it admittedly cannot correct all inequities that exist, the county economic opportunity commission clearly offers the best method of mobilizing and effectively utilizing the public and private resources of Madison county in a sweeping attack on poverty and its causes.

From a humanitarian and social consideration, it would seem that federal authorities administering anti-poverty funds cannot help but reach a similar conclusion. We hope they do, and soon.

Aid Pets Injured By Autos

As pointed out by the Granite City Animal Shelter Committee, hit-and-run auto-accident victims should be helped.

Often, prompt medical attention for an injured dog can mean the difference between death or survival. Even when an animal has been killed, humane and sanitation considerations require an immediate call to the humane officer. And, in any case, a motorist owes it to the owner of the pet—who is often a child—to stop, offer help and make every effort to locate some adult in the family is aware of the mishap.

While on the topic, it might be of value to add that many collisions with animals could be avoided by faster reaction by the motorist in stopping or slowing down. This is a good reflex to develop, because a potential accident with a child could occur just as unexpectedly.

Young Republican Club A Step Toward Two-Party System Here

Resurgence of Young Republican Club activities in Granite City is an encouraging development. The Democratic party already is flourishing at all age levels, and the city is a strong party system on the key to securing able public officials and effective government.

Although Granite City has the only organized teenage Republican club in Madison county, all sections of the county were well represented at a rally held last month, and emphasis will be placed this fall on instruction in "practical politics." At this rate, it may not be too long before both parties are making their views and support felt at the local and county levels.

News From The Files Of The GRANITE CITY PRESS-RECORD

AUGUST 17, 1915
Members of Granite City Lodge No. 877, A.F. & A.M., are enthusiastic this week over the successful termination of their plans for the erection of a handsome new home for the Masonic lodge, plans for which have been under consideration for several months.

The plans were accepted at the last meeting of the lodge, and the committee was instructed to proceed with final arrangements for construction of the building.

The plans are drawn up by Pauly & Sons call for a building, the estimated cost of which is \$20,000, when completed is calculated to be one of the handsomest lodge homes in southern Illinois.

A committee composed of E. R. Swanson, Edward Pauly, M. H. Allen, Fred Jorden and Fred Heely made a trip to St. Louis, Collinsville and other cities to inspect the homes in the various communities. It was agreed that the Granite City home should be made upon the design of the Masonic lodge and the architects' plans call for such a building.

Location of the lot selected in the residence district of Granite City, away from all street car lines and other noise-inducing public utilities, is one of the best in the city.

Members of the order in Granite City purchased the lot. In erecting the home, all the money necessary for its construction will be made up by individual members, so that when completed the lodge will be entirely free of indebtedness.

The advertisement for bids will be published within a week or ten days.

THE TRI-CITY WOMEN'S CHRISTIAN LEAGUE

The following items were taken from the files of the Granite City Press-Record:

AUGUST 15, 1940
The board of directors of Namekoi school district 154 voted to purchase approximately two acres of land at a price of \$1200 for enlargement of the school playground.

The school addition more than doubles the area of the old playground and will make it ample for a much larger enrollment.

A small part of it fronts on Ponton road and adjoins the site of the school on the west. The greater part adjoins it on the south, making it possible to move play further away from the heavy traffic on Ponton road.

A college thesis on "The City of Granite City," prepared some time ago by Allan Fleishman, son of Mr. and Mrs. Nathan Fleishman, at part of his thesis was law student at Washington University, filled an urgent and unexcused need Tuesday.

The representative of a large insurance company, with \$400,000 in assets, has joined the property, required information about the town. The secretary of the Associated Retailers loaned the man the thesis which he has for his report.

The local law student's treatise was so well prepared that copies were typewritten and are now part of the permanent records at Washington U., the public library, Associated Retailers and the East Side Manufacturers' Association here.

Granite City Sacred Heart moved into undisturbed first floor of the new building, the Illinois City Baseball League Sunday as Williamson, former co-leader of the spot, moved to the Carlyle Boosters, 5-to-4.

Mike Christoff, Tommy Kordoff and Phil Lockhoff are on a two-week vacation in New York, Canada and Niagara Falls.

Mrs. Margaret Sheridan was hostess to a group of chaperones and their guests at a chaperone party on Tuesday evening. They were Mrs. Mary Standiford, Mrs. Bertha Brooks, Mrs. Edna St. Louis guests were present for the ceremonies.

Sales Tax in May Gives County \$15,527

Half-cent sales tax payable to the county for May amounts to \$15,527, according to figures released Friday by the state department of revenue at Springfield.

County Clerk Eulalia Hotz was one of the \$18.85 had been collected for the county, but there were deductions of \$649 from the tax and \$647 from the administration by the state office.

D. G. Stiles, D. H. Russell and J. C. Byers of Granite City are on Westminster College's second annual honor roll for students who made no grade below 90 in the half-year. All three are graduates of this year's graduating class.

SUPPORTS HOLDING iron matting in place preparatory for pouring concrete on the Chain of Rocks canal bridge which carries Interstate Route 270 over the canal and to the Mississippi river bridge. Pouring of one slab of the canal bridge is to start Tuesday. Pouring of one slab

has been under way for several days. The canal and river bridges, a \$7 million dollar project, are scheduled to be opened to traffic early in December, according to highway engineers.

By Press-Record Staff Photographer

WESTWARD VIEW on the east approach of the new Mississippi River bridge that will carry Interstate Route 270 into Missouri from Illinois. Preparations were being completed today for beginning the pour of a second slab starting at the Illinois shore. Workmen on the Illinois side are working toward the middle of the bridge where they will

meet Missouri crews who are pouring concrete slabs from the west side of the river. Pouring of one slab has been under way but has not yet reached the middle of the bridge. Target date for opening the bridge has been set in early December by highway officials. The bridge and highway lanes are a \$7 million dollar project.

Weapons Charge Filed By Collinsville Police

A Granite City man faces a charge of unlawful use of a weapon after he was arrested in a Collinsville tavern early Saturday. He was to appear before a magistrate today.

He was arrested after Granite City police received a report from a Granite City cab driver, Jack Bosworth, 32, of 2016 Sunset drive, who said he was robbed of \$6 by a man who asked to be taken to a tavern in Collinsville. The man was accompanied by a small boy.

Collinsville police were notified and found the 27-year-old man with his son, five, at Jo Jo's tavern, 217 West Main street, Collinsville. Bosworth said later that he could not make a positive identification, but police found a pistol in the man's pocket. The boy was taken home.

APPROVED BY THE Mayor of the City of Madison, Illinois, this 10th day of August, A.D. 1965.

Charge of Attempt Filled this Morning

A charge of "attempt" was filed today by State's Atty. John C. Hoff against Everett Lee Caultle, 61, of the 2806 block of East 24th street, based on an investigation by Deputy State's Atty. Michael Andrews. Gasparovic J. fired a fire call at 12:45 p.m. Friday at the home of Sarah Caultle, 4124 Melrose avenue.

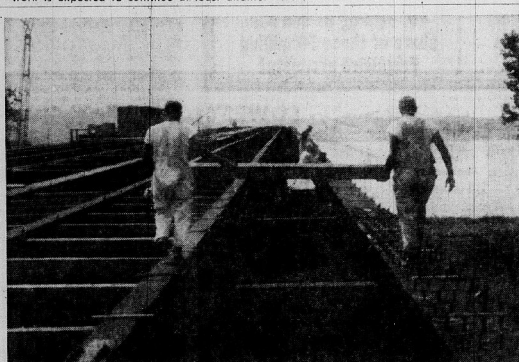

Firemen upon arriving at the scene found no one was home at the Melrose address and discovered a blaze at the gas line of a hot water tank in the basement. There was no fire damage, firemen said.

Caultle was appearing before Magistrate Hiseott for a hearing at noon today.

WINDING BACK almost three quarters of a mile from the Madison-owned Chain of Rocks bridge is this line of rush hour traffic taken during the evening hours. The traffic jam is caused by one-way traffic on the Chain of Rocks bridge deck where patch work, and in some instances repaving, has been under way during the past week. Bridge officials said some holes in the bridge were so bad "you could see the river through them." The work is expected to continue at least another week.

By Press-Record Staff Photographer

WORKMEN CARRY "whalers" for placement in girders of the Interstate Route 270 Mississippi River bridge which is scheduled for opening early in December. After whalers are placed, iron rods are located to form a matted floor over which the concrete pour is made. Workmen on the Illinois side of the river are preparing for a new pour. The pavement work will proceed toward the middle of the bridge to meet the pavement being poured from the west side of the river.
